Hey,

I will ask on the forums in Romania if anyone wants to order something. I will be back with an exact order earlier in February. This is fine?

Yes. as it is convenient - write to me, we will collect the goods that you need and send you.

Each package can weigh up to 30 kilograms. In this case, the shipping cost will not be much more than I indicated for your order.

By dividing it by everyone who ordered the goods, you will significantly save on delivery. Best
